EXAMINER'S AMENDMENT AND REASON FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Smith on 05/25/05.

The application has been amended as follows:

In claim 1 line 1, after "*sequence*" **insert ---** by a telephone dialer—

The following is an examiner's statement of reasons for allowance: A method for determining a dialing sequence by a telephone dialer to be appended to a telephone number, comprising the steps of suing a variable length prefix portion of a telephone number to access a prefix table entry that defines an action descriptor for indicating how the telephone number should be processed in a table lookup to determine dialing and dependent on the defined action descriptor, using another portion of the telephone number to access another table to determine a dialing sequence and generating a dialing sequence based on the telephone number and the other table entry as claimed and substantially connected in claims 1-50.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
